The Indian government has banned these sites such as Fmovies, Gomovie, Movie, 123Movie, Isaimini and Tamilrockers. However, every effort by the government has failed to stop the escape of films on these popular sites. To overcome these prohibitions in various countries of the world. Axemovies194; 160? Site continues to change its name extension from. Com, Pn, Uz And more. Nightmares. The site of piracy has challenged the entire Global Authority by continuing all its illegal activities and conducting a lot of movies in a different language and online shows, which challenged the filmmakers. The main problem for the Movesper Community is that the Movesper site provides free download as an effect on the entertainment revenue. Studying through the movie website or some other pirate website is considered a mistake in India. These are illegal destinations and if someone is ever caught spilling or downloading files from that site, the policy has every right to apprehend that individual and imprison him according to Country’s law226; Stealing and downloading files from any such web page shows that you are also supporting the illegal theft business. Then, as observers, we should stop using these destinations. Surprisingly, the Indian government Hasn226; 128; t; however, has taken concrete steps to stop the theft business and thus, these destinations are keeping on copyright and working easily at present.There have been situations when people who have been seen as being connected with any of these illegal destinations have been arrested by the police.
